

[illegible]

- From the CountryWatch home page, choose the desired country under Quick Links on the left.
- The Country Review page for that nation appears, and provides at-a-glance information, along with links on the sidebar to specific areas of interest.
- To generate a PDF of the information available here, scroll down through the links on the left and click:

- It will take a minute for this report to generate – they are usually a few hundred pages, depending on the country. It is possible to print sections as desired, if the entire report is not of use.

Country Wire provides news coverage from sources outside the mainstream American news media, offering varied cultural and political perspectives. Click Country Wire from the sidebar to access. News stories are arranged chronologically by country, but topical searches may be done from the Advanced Search page.

[Country Wire](#)

The **Country Wire** provides daily news coverage for all countries and features up-to-date articles from regional news wire services across the globe. These news wire services run the gamut from well-known international agencies, such as United Press International, to insightful indigenous news agencies, such as the Caribbean News Agency. The myriad of news services from across the world, often espousing varied cultural and political perspectives, means that the **Country Wire** offers a rich tapestry of news coverage. In so doing, news readers are afforded a comparative framework for understanding the complexity of the global landscape not available within the mainstream American media.

Editor's Note: Chronologically arranged news stories for each country are available using the filter available on every country. As well, chronologically arranged news stories for each country are available on each country-specific web page. Users can also use the search function to find articles within the **Country Wire** news archive. Users are also welcomed to use the **Advanced Search** located below the search box, to find articles within the **Country Review** and the **Country Wire** news archive.

The **Country Wire** is available with Standard, Premium, Elite or Suite subscriptions to **CountryWatch, Inc.**

Select & Download CountryWatch Data:

The CountryWatch Data tool provides a unique opportunity to easily customize your data comparisons. Click Country Data on the sidebar for access.

First, choose the elements you want to compare. Each category has tailored subcategories, allowing you to add as many as you want by highlighting and clicking “Add Elements”. When you are finished, click “Next”.

Select as many countries as you would like in the same manner.

Select a year or range of years (as with all the categories and subcategories, the options may differ slightly depending on the variables previously chosen) and click “Get Data”.

Your data is available to be viewed, and can also be exported into Excel or Word by checking the boxes next to each piece of data you would like included and choosing the preferred export format.

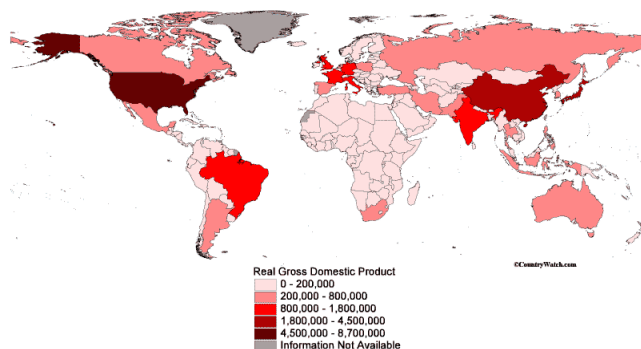

CountryWatch Data Results						
Export to Excel Export to Word Back To Data Selection						
<input type="checkbox"/> Element	Units	Sub-Category	Country	2000	2001	2002
<input type="checkbox"/> Exports - Major Trading Partner in US dollars	millions of US dollars	International Trade and Exchange Rates	Chile			n/a
<input type="checkbox"/> Exports - Major Trading Partner in US dollars	millions of US dollars	International Trade and Exchange Rates	Estonia			n/a
<input type="checkbox"/> Exports - Major Trading Partner in US dollars	millions of US dollars	International Trade and Exchange Rates	Russia			n/a
<input type="checkbox"/> External Debt	\$US millions	International Trade and Exchange Rates	Chile	36978.00	38360.00	38360.00
<input type="checkbox"/> External Debt	\$US millions	International Trade and Exchange Rates	Estonia	3280.00	2852.00	2852.00
<input type="checkbox"/> External Debt	\$US millions	International Trade and Exchange Rates	Russia	160300.00	152649.00	152649.00

Generate a CountryWatch Map:

The Map Gallery works in much the same way as the data tool – choose your desired category and subcategory.

Thematic maps are created from CountryWatch Data using GIS mapping software.

Real Gross Domestic Product (US\$)

NORTH AMERICA

[Click for a larger version.](#)

[Click to view Physical PDF version.](#)

[Click to view Political PDF version.](#)

Political/Physical maps depict topographical and physical features as well as political boundaries, supplementing the maps available within each Country Review.

Global Thematic maps cover fascinating topics including climate, mineral sources, European influence, literacy, language families, and more.
